

Shop & Pay

Upgrade Your Business to Accept Cashless Payments!

Bring your business into the future of payments with our handheld wireless terminal—a compact, all-in-one device engineered for seamless transactions. Experience the convenience of a 5.5-inch full-touch screen and battery-powered operation, perfectly designed for pay-at-counter and pay-at-table environments, elevating your customers' experience.

Key Features:

- Fast and hassle-free approvals
- Simple onboarding process
- One-time payment model — NO deposits, NO annual fees, and NO target requirements
- 0% interest credit card instalment plan for up to 36 months
- Supports online payment gateway solutions
- Quick settlement options at T+1/T+2
- SIM card included for seamless connectivity
